

SPEED DEBATE

1 hour PREP PHASE

Divide the class in groups of 3 max 4 students

3 teams PRO

3 teams CON

In each team:

1. Collect ideas and info on "your side of the topic"
2. Prepare a **2-min speech** (all members of the team should speak)

Consider that during the DEBATE:

You will deliver your speech in front of your opponent

// your opponent will take notes

And the teams not involved in the Debate will evaluate you (see evaluation Chart)

Back in your teams:

You will prepare a REBUTTAL (= reply) based on your notes

After the Rebuttal

Wait for the judges to declare the winner
